Fluency
Practice in 5
Easy Steps

Fun-in-first.blogspot.com

How does this work?

This 5 Step Fluency packet is a perfect way to get your students to reread and work on fluency. Each passage has 5 steps for students to follow as they practice their reading skills.

The Steps

1. Time It & Mark It
2. Reread at My Own Pace
3. Highlight
4. Silly Read
5. Time It & Mark It

Step 1

For the first step, you will set a timer, and the student will read as much of the passage as possible during the given time. You can decide how much time you would like to give the student. The most common would be 1 minute, but for some faster readers, this may be too much time. After the time is up, the student will mark where they stopped reading.

Step 2

The second step is to have the student reread the passage at their own pace. Do NOT set a timer for this portion. The student will read the ENTIRE passage without being timed.

Step 3

This third step allows the student to go back into the text to work on a particular skill. They will underline or highlight words in the passage for the skill in the box to the right of the passage. This is really just another opportunity for the students to reread the passage while they look for these particular words.

Step 4

This fourth step is a Silly Read. The student will read in the voice given in the box to the right of the passage. This is a fun way for students to go back and practice their reading fluency.

Step 5

The final step is exactly like the first step. Set the timer for the same amount of time that you gave the student on the first read. The student will try to beat his/her place from the first reading of the passage. If they beat it, they will color in the smiley face at the bottom of the page. If they do not beat their time, they will color in the sad face.

Table of Contents

The passages are grouped into three separate sections to allow you to pick the passages that would work best for each student.

The Goat

4 Joe had a goat.
 7 The goat would
 10 eat anything. It
 13 ate Joe's coat
 17 and his robe. The
 21 goat also ate a
 24 hose and soap.
 27 Joe gave the
 30 goat oats and
 35 toast to eat, so it
 38 had real food.
